

MissionInsite Registration

How to Register for MissionInsite

You'll need your agency's unique agency ID code, provided by MissionInsite.

Each user should register ONLY once, and the new registration must be approved by the agency administrator.

Note: You can only have one email address and password for MissionInsite. If you need access to a local church or organization as an agency user, contact your agency administrator to add additional study area options to your login.

1. Navigate to MissionInsite.com, then click **Client Login**.
2. Click **Register as a new user?**
3. In the **District/Agency Account Number** field, enter your unique account ID, then click **Submit**.
4. Under **Organization Details**, select your city and organization.
5. Under **Login Setup**, create a MissionInsite account with your email address, or use an external provider to create an account.
6. Under **General Information**, enter your **First Name**, **Last Name**, and **Role/Position**.
7. Review the terms, then select **Accept Terms**. If applicable, you can opt out of email correspondence. However, we recommend receiving emails, so to stay informed about system updates and new features. In addition, if you opt out of product emails, you will not receive a confirmation email.
8. Click **Register**.

After completing your registration, you'll receive an email with the subject Confirm Your Email. To confirm your account, you must click on the link in this email. The link is valid for 24 hours. If you don't see the email in your inbox, check your spam folder.

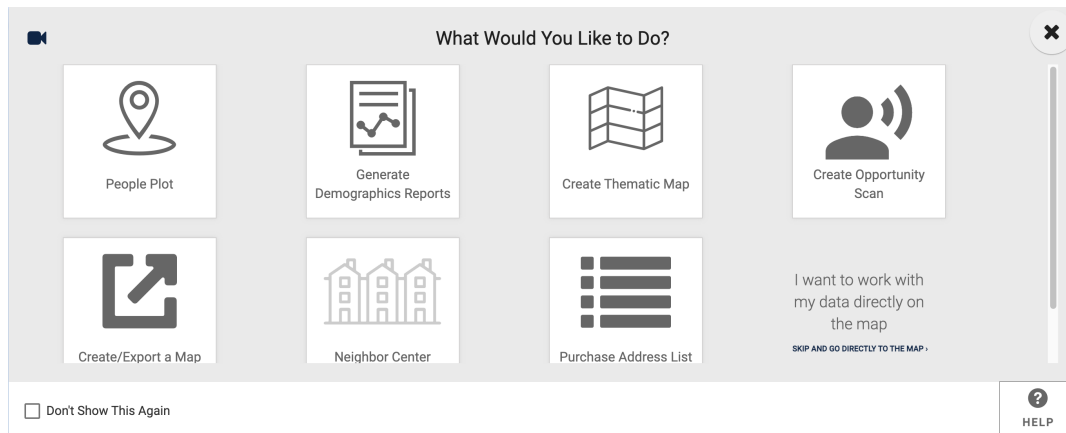

Once you confirm your account, your agency administrator must approve it. When this happens, you'll receive another email. If you don't receive the email, please don't try to register again. Contact MissionInsite Support at 877-230-3212 for assistance.

Figure 1: The MissionInsite User Assistant

People Plot	Plot congregants' data on the map or upload data into MissionInsite. This lets you see where congregants are to make effective decisions.
Generate Demographics Report	Generate a custom or predefined report. Start by selecting or drawing geographic boundaries, then choose a predefined report or create a custom report.
Create Thematic Map	Display mission realities and opportunities on a map down to the neighborhood level. You can choose from more than 76 demographic variables and customize the map's geography size and color palette.

Create Opportunity Scan	View potential ministry opportunities based on current population estimates and projections based upon census data. Opportunity scans let you target specific demographic variables, analyze and identify regional, community, and neighborhood ministry potential, and determine top ministry target areas. Start by selecting or drawing geographic boundaries, then choose demographic variables. You can scan by geography to create a custom map and select strategic ministry targets.
Create Export map	Export a map of a selected geographic area. You can choose map overlays and plot data.
Neighbor Center	Enter an address to find and plot neighbors based on attributes such as gender, marital status, age, children in household, and more.
Purchase Address List	If you want to create a mailing campaign to reach local and surrounding communities based on data points, purchase an address list. Addresses are updated regularly, and you can view pricing. You will receive a .csv file from MissionInsite. We do not create mailers, and you are responsible for sending the mailing and all postage costs.
